SIEMENS

Datasheet for

SIPART PS2 Smart, electropneumatic positioner, 4...20mA, Ex/nEx, single-acting, polycarbonate enclosure, for pneumatic linear and part-turn actuators. Non-contacting (wear-free) position detection (NCS).

Ordering data:	6DR50100EG130AA1
----------------	------------------

Ambient temperature during operation Degree of protection IP rating NEMA Enclosure Type Electromagnetic compatibility EMC Standard for EMC	Siemens Siemens Electropneumatic positioner SIPART PS2 SIPART PS2 Smart, electropneumatic positioner, 420mA, Ex/nEx, single-acting, polycarbonate enclosure, for pneumatic linear and part-turn actuators. Non-contacting (wear-free) position detection (NCS). 1.26 kg One that masters everything: SIPART PS2 Input 4 20 mA Derating conditions -30 °C+80 °C IP66 NEMA 4X The appropriate directives and standards applied, including the relevant versions, can be found in the EC Declaration of Conformity on the Siemens Internet pages.

Electromagnetic compatibility EMC Standard for EMC Standard for EMC	The appropriate directives and standards applied, including the relevant versions, can be found in the EC Declaration of Conformity on the Siemen
Standard for EMC	versions, can be found in the EC Declaration of Conformity on the Siemen
Standard for EMC	versions, can be found in the EC Declaration of Conformity on the Siemen
lechanical design	
lechanical design	Structural Design
-	-
Decign of the pectaener	single-acting
Rotation angle of the part-turn actuator	30 Degree100 Degree
Stroke range of the linear actuator	3 mm130 mm
Material	
Enclosure	
Material	polycarbonat, glass-fiber reinforced (PC)
Mounting Mounting kit for linear actuator	Using mounting kit 6DR4004-8V and where necessary with an additional lever arm 6DR4004-8L on actuators according to IEC 534-6 (NAMUR) wit ribs, bars or flat face
Mounting kit for part-turn actuator	"Using mounting kit 6DR4004-8D on actuators with mounting plane according to VDI/VDE 3845 and DIN 3337: The required mounting console has to be provided on the actuator side; shaft with groove and female thread M6"
Type of the assembly	With a suitable mounting kit, depending on use as a linear actuator or a part-turn actuator and process environment
Design of connection for actuating pressure	G 1/4"
ectrical connections	
Connection technology	O union and the second s
Design of the cable entry	2-wire connection

This is only an extract from the technical data. For more details, see the FI 01 catalog or the Industry Mall. *Creation date: 02/02/2025*
