

HiTempco+ offers a broad temperature range of **-50° to 850° F (-45° to 455° C)**.

Applications range from high temperature thickness gauging and flaw detection to ambient and low temperature coupling where no corrosion, broad material compatibility, long service life and low toxicity are considerations.

PRODUCT DESCRIPTION

Instantaneous ultrasonic response

No residue or varnish

No plastic polymer or char left behind

Excellent long-term corrosion inhibition for steel and cast iron

Compatible with most metals and plastics

Contains no perfluorocarbons, peanut or tree nut oils

PRODUCT SPECIFICATIONS

Operating Range:

-50° to 850° F (-45° to 455° C)

- **Viscosity:** grease-like
- **Auto-ignition Temperature:** 894° F (479° C)

PACKAGING

2-oz tube / 59 ml metal tube

4-oz tube / 118 ml metal tube

1-quart / 1-liter pail or cubitainer

1-gallon pail or cubitainer
